## Housing Support

Newly housed people will likely still need support to maintain housing. Many resources in this guide will apply to people who have been recently homeless but are now housed. This section contains additional resources.

### Adult Protective Services (APS)

Each county has an APS agency to help elder adults (65 years +) & dependent adults (18-64 who are disabled), when adults are unable to meet their own needs, or are victims of abuse, neglect or exploitation. County APS investigates reports of abuse of elders & dependent adults who live in private home, hotels, hospitals & health clinics when the abuser is not at staff member. (The Licensing & Certification program of the CA Department of Health Services handles cases of abuse by a member of a hospital or health clinic.) County APS staff evaluates abuse cases & arranges for services such as advocacy, counseling, money management, out-of-home placement, or conservatorship.

"While the number of Veterans experiencing homelessness has been declining over the past three years, 67,000 former service men & women were homeless on a given night in 2011 as estimated by the VA. In general, Veterans have high rates of Post-Traumatic Stress Disorder, traumatic brain injury, & sexual trauma, which can lead to higher risk for homelessness. About half of homeless Veterans have serious mental illness & 70 percent have substance abuse problems. Veterans are more likely to live outdoors —unsheltered — & experience long-term, chronic homelessness."

## STREET OUTREACH

Common Ground Santa Barbara County is dedicated to training & providing resources to support ending homelessness in our county. You can support this work in many ways:

- 1) Join a Common Ground Santa Barbara County outreach team!
- 2) Organize a sock, cereal bar, rain poncho, or toiletries drive. These items are invaluable when it comes to outreach.
- 3) Attend a volunteer training to learn best practices of outreach!
- 4) Volunteer with a non-profit or community action group that needs your help.

## HOUSING SUPPORT

Newly housed individuals & families are experiencing a significant change in their lives. With housing comes a new environment, neighbors, &, for those chronically on the streets, a need to build new skills & create new social structures. This can be stressful, but you can help in many ways, here is how:

- 1) Participate in our Common Ground Santa Barbara County housing outreach programs. Visit with friends in housing in a laid-back environment. Offering a listening ear is often just what a person needs.
- 2) If you are unable to attend the housing outreach, you can still contribute to our weekly housing meal shares. Disposable utensils, napkins, drinks, healthy food, & salads are a huge help as some people newly in housing have limited incomes.
- 3) Helping furnish an apartment with simple necessities is another great way to help a person feel more at home. New or gently used items are welcome as are basic household items: towels, pots, pans, dish soap, toiletry items.

## GET INVOLVED

By navigating systems alongside people experiencing homelessness, you can act as an advocate to ensure they receive the services they need.
